

Dear All,

The announcement from P&O caused some minor delays yesterday which we have continued to see this morning. Capacity is an issue with all vehicles being allocated to alternative shipping lines in order to cross the English channel. Fortunately, we have strong relationships with all Channel operators and we are able to use alternative routes.

Other than a specific delay when vehicles were instructed to be re-routed yesterday, we are not seeing a substantial difference in delays at the crossing, typically 3-4 hours waiting time as opposed to the general 1-2hours.

Should we see any further impact on moving goods, we will communicate further.

If you have any questions on a particular booking, please direct to our import team: laura.maunder@tenens.com; angela.woplin@tenens.com

Best Regards,
Howard Tenens Logistics Ltd
