

Dear All,

We are pleased to learn that lockdown restrictions in Shanghai will be lifted from 1st June.

Whilst our agents will keep a small number of workers at home (in case of any outbreak) the remainder will be back into the offices and warehouses from tomorrow.

We believe that truckers no longer need any covid certificates to enter Shanghai and so we should see a good flow of cargo into the warehouse.

Space still remains limited with carriers, but we hope to see a good increase in volume leaving Shanghai in coming weeks.

For convenience, the outer warehouses will continue to accept cargo for the time being, at the costs previously advised to you.

Once again, any issues please contact our international team directly – [laura.maunder@tenens.com](mailto:laura.maunder@tenens.com)

Best Regards,  
Howard Tenens Logistics Ltd
